

Text for "About Us" Link 2

"TOYO Corp. has handled ElectroChem products since 1999, and has sold more than 650 products (fuel cells and fuel cell hardware) to date.

ElectroChem fuel cells are a "pioneer product" as the fuel cells that can be disassembled and assembled by users, and one of the most popular commercially-available fuel Cells in Japan"

*Tomoo Ohishi, Toyo Corporation, Japan*
